

## Results of Holiday O:

Sorry if the rain kept you away from the HolidayLight O last night! We were glad and lucky to be at Una Pierce's beautiful home.

The ones that did brave it did very well :

Jan and Ann Hall were in the 1 1/2 hr.division and got a whopping **360** pts out of 520 despite a route choice that involved a stream crossing!!

Emily and Jeff Jacobs were just a tad into the 1 1/2 division and still got **90** pts. They had fun going out and celebrating their meeting 19 years ago!

Doug and Darlene Ernst were right on time returning in the 1 hr div. and got **60** pts. to win that division. We are sorry that he lost his cell phone in route!!

J.C. and Kimberly made a stab at it but with a friend out in the neighborhood they were distracted and just got **20**pts

Thanks go to Jen and Michael Dubois and family for coming to help by vetting and actually got to 16 controls in a little over an hour which would have been 160pt.even though Jen was pushing the stroller and son Bo was setting their pace! Wow!

We appreciated Bill's bringing Vitalyte and other supplies even though he is just recovering from his knee surgery. .
